

Kids These Days

Week 1 - Real vs Ideal

Pray and Discuss:

1. As we start, share a story of how you had to learn to interact with someone of a different generation.
2. In your life, has there been someone who invested in you and helped you advance in your faith, relationships, or just your life in general? Share about them, if you feel comfortable.
3. Where in your life do you see a space where God may want to use you to pour into a younger person or people? Would you feel hesitant or excited about doing so?

4. We all fall into the trap of endless criticism of those who are younger or older than us. Jesus promises, however, that his Spirit resides in everyone who accepts him and follows him. What does this truth teach you about relationships with other generations?
5. As you close – pray and ask that God would bless all of your relationships, and may he show you spaces in which you can love, serve, and invest in others.
